Science de Danse (IADMS)*

In 2006 and 2010 Round Tables organized by PLB, ADMR and Harlequin during Monaco Dance Forum

A photograph of two men standing in a room that appears to be a medical or dance studio. The man on the left is Peter Lewton Brain, with blonde hair, wearing a dark suit jacket over a light-colored shirt. The man on the right is Boni Rietveld, with a mustache and glasses, wearing a white lab coat over a white shirt and a striped bow tie. He has his arm around Peter's shoulder. In the background, there are mirrors, a ballet barre, and other people. A name tag is visible on Boni's lab coat.

11-10-2008 Peter Lewton Brain & Boni Rietveld
in Medical Centre for Dancers & Musicians
The Hague, The Netherlands
Peter Lewton Brain keynote speaker at 7th Symposium NVDMG in Amsterdam.

Founded April 1st 2005 - Scientific Association

Not only routine, experience and expertise,
but especially “passion” and interest

252 members, board: 6 persons, council: 30 persons

Dutch Performing Arts Medicine Association (NVDMG) Nederlandse Vereniging voor Dans- en Muziek-Geneeskunde founded April 1st, 2005

Mission

Spreading and deepening interest in - and expertise in
the field of - Performing Arts Medicine and Science,
prevention, care and cure for dancers and musicians.

Promoting contact among physicians, psychologists,
scientists, physiotherapists / allied healthcare
practitioners, who are interested in dance and music.

Dutch Performing Arts Medicine Association (NVDMG)

Nederlandse Vereniging voor Dans- en Muziek-Geneeskunde

founded April 1st, 2005

Vision

The association forms an academic, scientific forum where physicians, psychologists, scientists, physiotherapists and other allied healthcare practitioners can meet, communicate and cooperate.

By stimulating research and offering education, training and awareness in Performing Arts Medicine, the association promotes evidence based medicine (prevention and therapy) for the benefit and wellbeing of dancers and musicians.

Dutch Performing Arts Medicine Association (NVDMG) Nederlandse Vereniging voor Dans- en Muziek-Geneeskunde founded April 1st, 2005

Vision concrete

Member assemblies and Symposia with a scientific, artistic (dance & music performances), but also social program.

Educational activities: training, courses, continuous medical education and periodically an international congress

Implementing quality criteria and certification in Performing Arts Medicine

12th course
Dance, Music, Medicine & Mind
Burg Feistritz
Feistritz am Wechsel, Austria
4 - 8 November 2015

Welkom op de site van de Nederlandse Vereniging voor Dans- en MuziekGeneeskunde

Dans- en muziekgeneeskunde richt zich op wetenschappelijk onderzoek van de gezonde functies en van de aandoeningen, somatisch dan wel psychisch, die een rol spelen bij het dansen respectievelijk musiceren, alsmede de preventie, diagnostiek en behandeling van die aandoeningen bij dansers en musici. Dans- en muziekgeneeskunde is de praktische toepassing.

28-3-2015 Rotterdam

Performing Arts Medicine and more particularly Dance Medicine has grown up. Next to accessible and affordable healthcare there is a growing need for:

- 1 Training
- 2 Postgraduate Education
- 3 Scientific Research
- 4 Organisation & Management of the (international and multilingual) Performing Arts / Dance Medicine field
- 5 Founding and funding of (extraordinary) Academic Chairs for Performing Arts / Dance Medicine.
